

April 14, 2014

Chairman Rasmussen called the regular meeting of the Wright County Board of Supervisors to order at 9:00 a.m. Members present were Rasmussen, Helgevold, and Watne.

Minutes of the previous regular meeting of April 7, 2014 were read and approved.

Approved claims for payment with one claim denied #41174.

Motion by Watne and seconded by Helgevold to approve the joint drainage district assessments with Hamilton County being in control, with allowing a 3 year waiver on one district and one joint drainage district that Wright County is control of with Hamilton County. Motion carries.

Held continuation hearing on Drainage District #131. Engineer, Kieth Hubbard with McClure Engineering, presented cost estimates for the main tile improvements. He then presented information on the grassed waterway through section #34 and #35. It was suggested that from C54 and south, it would benefit to grade the field for a waterway. The C54 culvert is lower than the field to the south. Connie Roys stated that any improvement will need to have a wetland determination. Motion by Watne and seconded by Rasmussen to urge the landowners to get their wetland determinations done and have the entire length of DD #131 tile televised. Motion carries.

Motion by Watne and seconded by Helgevold to set May 19th at 10:00 a.m. to set the bid letting for televising DD #131. Motion carries.

Motion by Watne and seconded by Rasmussen to request the Engineer to submit a report concerning the benefit of the waterway south of C54 as to whether the waterway will benefit only the landowner or the entire district. Motion carries.

Motion by Helgevold and seconded by Watne to adjourn the meeting. Motion carries.

Rick Rasmussen, Chairman
Wright County Board of Supervisors

Betty Ellis, Wright County Auditor
